Social awareness

At SUBTERRA we are aware that Corporate Social Responsibility must play a fundamental role in the evolution of the business fabric in developing regions and that it must help to improve the wellbeing of the people who live there. For this reason, since 2013 we have been carrying out specific actions in the countries where SUBTERRA is present.

We believe that it is compatible to grow while maintaining absolute respect for all the groups with which we interact and, furthermore, we consider it a fundamental part of our philosophy and concept of business to collaborate in social policies wherever we are present. To this end, we have signed agreements, donating 0.7% of our sales, with BELÉN EDUCA and ENTRECULTURAS - Fe y Alegría.
